

Top nav is Gifts, Photo Album, Memories, User
Bottom nav is Personal info, Messaging, Events, Recommendations

The top 4 upcoming events and birthdays are listed as cards. Then there are the top 4 messages

Toggle between recent events and messages

PERSONAL INFO - MAIN PAGE

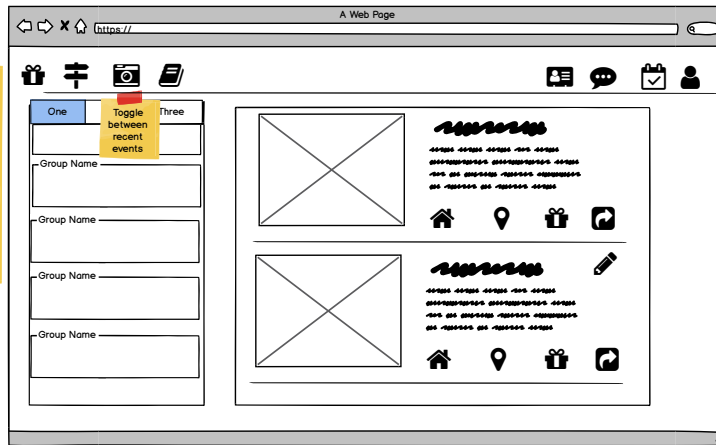

Each person has a photo, personal info, a map of directions to their home, and a way to share their info or save as a contact in the phone.

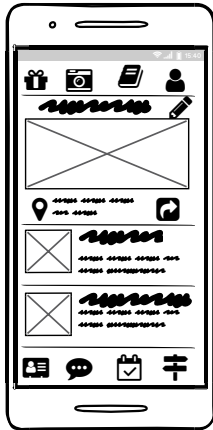

If it is your own card, you there will be an edit icon, which leads to Edit.

The items are sorted by number each member of a family has a number, based on when they entered/were born. It is automatically assigned based on the order they were added. New families need to have members added in order.

The some notifications/ messages tabbing is below scroll list of family names

PERSONAL INFO - HOUSEHOLD INFO

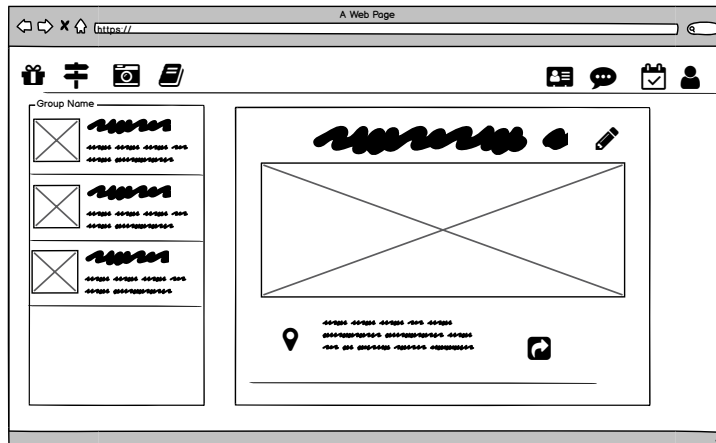

Each household has a picture of the household and the household name.

The household name and location are defaulted off of the first numbered person in the household. That can be edited.

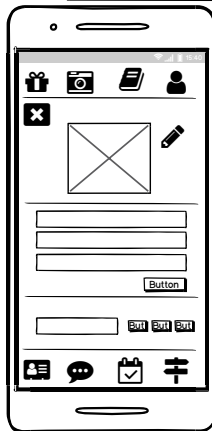

You can edit your own household.

The people in the household are sorted by their family numbers.

The bottom buttons allow you to open directions to the main household address.

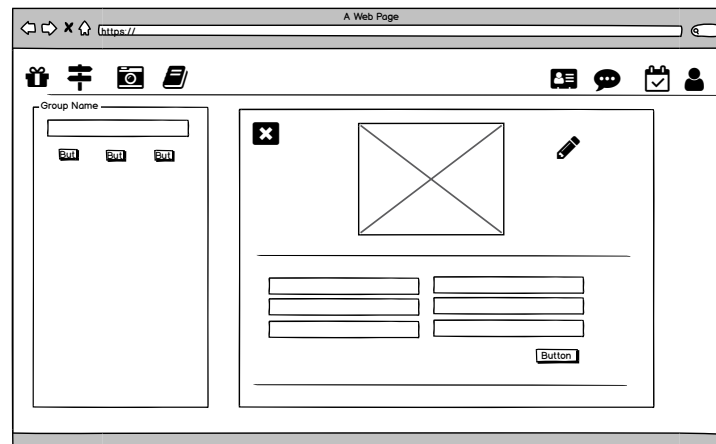

PERSONAL INFO - EDIT PERSONAL INFO

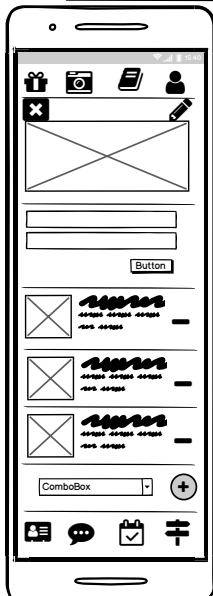

Edit photo using image from device or from the photo album, or take a picture.

Edit personal information.

This lists the household you are in. If you are not in a household, it just lists you. You can add a household, remove yourself, or edit the household you are in. Both the add and the edit household button take you to the edit page. The edit shows info already in the household. The add household shows no current info.

PERSONAL INFO - ADD/EDIT HOUSEHOLD INFO

Each household has a picture of the household and the household name.

The household name and location are defaulted off of the first numbered person in the household. That can be edited.

You can only edit a household you belong to.

You can add or delete people from a household. To add a person, use the dropdown from all members of the family. Members must be created prior to adding them to a household.
